

Pine Road Elementary School

Title I Parent Policy

2015-2016

Children benefit when home and school share responsibility and are active partners in their child's education. Pine Road supports active parent involvement and parent participation in the education of their children through the Title I federally funded remedial program.

To achieve this partnership in the Title I Program, Pine Road will:

- Involve parents/guardians in the planning, designing, and implementation of the Title I program, through meetings, questionnaires, and parent compacts.
- Hold an annual meeting to inform parents/guardians about the Title I program, their involvement, and the school's participation in the program. For parents who are unable to attend the meeting, information will be sent home in a timely manner.
- Provide school and parent/guardian requested meetings at various times throughout the day, including opportunities for workshops and materials to help improve student achievement.
- Provide reasonable support to encourage parent/guardian participation in Title I activities.
- Encourage on-going communication by providing parents/guardians with results of the academic assessments used to measure student progress, progress reports, report cards and conferences, so that they are aware of their child's progress.
- Conduct an annual evaluation of the content and effectiveness of the parent involvement policy and the school/parent compact, and provide for timely response to suggestions.
- Communicate information to parents/guardians in a language and format that they understand.

We welcome the involvement of parents at Pine Road Elementary School.

T.E.A.M.
Together Everyone Achieves More
