Ronald McDonald House

The Philadelphia Ronald McDonald House supports families of seriously ill children by offering families a close place to stay while their child is in the hospital.

- It was started by Dr. Audrey Evans, a Doctor at Children’s Hospital, The Philadelphia Eagles and McDonalds Corp on October 15, 1974.
- Ronald McDonald House has 2 locations in Philadelphia that help families with sick children:
  - Children’s Hospital
  - St. Christopher’s Hospital
- There are 300 Ronald McDonald houses all over the world helping families with sick kids.
- The goal of Ronald McDonald House is to make difficult time just a little easier for a family with a seriously ill child by:
  - Providing a safe place to sleep, home cooked meals and transportation.

With your continued help, we can make sure that no family needs to worry whether they can stay together when their child is sick.

Coins for Cuteness was formed in 2014 by current Pine Road third graders: Alesandra, Angelina, Julie, Nina and Mia in the hopes of helping sick kids and their families. In 2015, the group has chosen to once again raise money for Ronald McDonald House, an organization that helps the families of sick kids whose parents live far away from the hospital where they are receiving treatment.

- In 2014 Coins for Cuteness raised $1100 for Ronald McDonald House!!
- Collection boxes will be distributed to each classroom and donations accepted between May 26 through June 9th.
- Please consider donating to help the Ronald McDonald House charity. Any amount is appreciated.
