

FLEXIBLE INSTRUCTIONAL DAY

2021-2022

WHAT IS A FID?

A FID can be used when weather or other circumstances cause District buildings to close. Students will be provided with learning opportunities so that the day does not need to be made up.

WILL ATTENDANCE BE TAKEN?

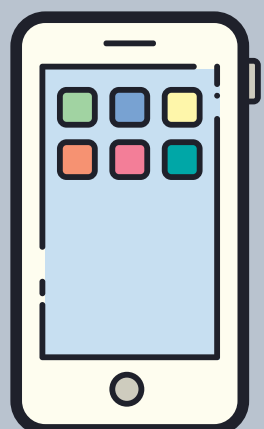

Daily attendance will be taken at the elementary level and period by period attendance will be taken at the secondary level. Additionally, all assigned work must be completed in order for positive attendance to be recorded.

HOW WILL MY STUDENT ACCESS LEARNING?

Google Meet will be used for instruction. Using district devices, iPad users can access the Google Classroom App and Chromebook users can navigate to their classes through Google Classroom via the waffle icon or classroom.google.com. Secondary students will use Canvas for information and links. Google Meet links will be posted by teachers in their classes.

HOW WILL THE DISTRICT NOTIFY FAMILIES AND TEACHERS ABOUT A FID?

Whenever possible a FID will be announced in advance of the day. The District will send an announcement blast to email addresses, SMS and phone contacts. The announcement will also be posted on the website.
